

Mines and Mining Stocks

MINES MERGER AT ALTA CAMP

South Columbus Con. Paves Way for Absorption of the Columbus Wedge.

By an overwhelming vote the shareholders of the South Columbus Consolidated company yesterday increased the capital stock of that corporation from 200,000 to 500,000 shares, with the purpose, of course, as stated a few weeks ago, of absorbing the Columbus-Wedge company's adjoining possessions. The deal for this property will not be formally consummated until next week, when the Michigan operators, who, with Tony Jacobson and A. O. Jacobson, own all of the stock, will ratify the proposition.

It can be stated, however, that the plan agreed upon was that, if the South Columbus would increase its shares as stated, the Wedge crowd would accept 115,000 shares for their property. As there are 15,000 shares of the Wedge stock, the increase of 200,000 shares will permit of the purchase of the Wedge and leave the South Columbus with 100,000 shares in the treasury.

Another feature of the proposition that will appeal to everyone interested in seeing the deal made is the fact that a market has already been found for the 100,000 shares of treasury stock at a good price.

COPPER STOCKS IN BOSTON AND NEW YORK

Following is the daily market comment of F. H. Webster & Co., Boston, together with the range of prices of copper stocks and other Boston listings in which the west is interested, as well as a similar report on New York curb transactions, by James A. Pollock & Co., and from which it is secured for use in this department of The Herald.

Boston, Sept. 16.—The Bryan scare seems to be developing, and the bull party seems willing to see lower prices. The liquidation today was steady and the decline was helped by stop orders. North Butte was weak, mostly on selling by traders. Arizona Commercial was the strongest stock on the list and one selling \$40 on any improvement in the general market. The indications are for a sagging market until the short interest gets too large.
